InfoRiders CEV Repsol Circuito de Albacete – 3rd Round

To: Riders/Team Managers

Technical Control

We would like to inform you that with a view the 3rd round that will take place in Circuito de Albacete and for the rest of season, the technical stewards will go to the boxes to carry out the technical control (motorcycle, protective clothing and helmets) to the **PERMANENT** riders (riders who have registered for the whole season)

“1 event riders” must go to the technical control.

During the whole event the technical control will be opened, according to the official schedule, to carry out any control on motorcycles (eg: weight control).

All the riders, both PERMANENT and "1 event" must go through the administrative control. **2**

Start Practices

The riders are authorized to practice the Start during the Official Practices at the Pit Lane Exit and after the chequered flag is shown, after track marshal post number 9 (**red**), outside the race line, on the right side of the track. (See location on the attached map)

Motorcycles broke down/fallen down during practices/race

All those motorcycles that are broken down or have fallen down will be moved to the parc fermé. **1**
